This three story; three bay building dates from the mid 19th century and is built of running bond brick. The first floor has a shop front of recent date. There are two glass and wood doors on the left set within a recess. To the right is a shop window consisting of two large panes with a third narrow pane forming one side of the recess. The shop window is set over a low base. The shop front is shaded by a metal awning and is capped by a cornice ornamented with triglyphs.

The windows on the upper floors have gauged brick lintels and stone sills. The second floor windows are extremely tall with six-over-nine sash. Those on the third floor are six-over-six.

The bold wood cornice is adorned by four pairs of deep scrolled brackets with dentils in between. The brackets are linked by an attached string course as well as the molded edge of the flat roof.
